TREKKING TOUR IN ARMENIA 9 days / 8 nights

Day 1: Flight from Europe / Arrival to Yerevan / Meeting in Airport / Transfer to Garni

Dinner and overnight in a guest house in Garni.

Day 2: Garni - Geghard - Mount Aragats

Visit the Garni Temple and a short hike in the basalt organs of Garni. Transfer by car to Geghard. Visit the monastery of St. Lance Geghard, then road to Mount Aragats, to the meteorological station at 3200 meters above sea level.

Dinner and overnight in tent near the weather station and Kari altitude lake.

Walking time: 3 hours.

Altitude difference: - 100 m / + 100 m.

Day 3: Mount Aragats - Sevan

Mount Aragats is an extinct volcano in the form of a conical mountain with relatively sloping flanks notched by glacial valleys. The summit of the mountain is made up of four peaks: the East summit with 3,916 meters of altitude, the South summit with 3,879 meters of altitude, the West summit with 4,080 meters of altitude and the North summit with 4,095 meters of altitude meters high, making Aragats the highest point in Armenia.

Altitude trek between the summits South and West (if the snow and weather conditions allow). In the late afternoon, descend to the plain and transfer to Sevan.

Dinner and overnight at Sevan homestay or guest house.

Walking time: 7:00.

Altitude difference: + 750 m / - 750 m.

Day 4: Sevan - Gavar - Noraduz - Martuni - Armaghanyan - Pass of Selim - Yegheghis - Smbataberd Tsakhatskar

Quick visit of the Sevanavank Monastery, or monastery of the Holy Apostles of Sevan, which overlooks the eponymous lake. Lake Sevan is one of the largest high-altitude lakes in the world (1400 m²) and is a veritable inland sea in Armenia.

Road south to Noradouz and its famous site for its Khatchkars (carved stones). On a territory of 7 hectares extend about 700 tombs; each of them is unique with a specific ornament. The art of the khachkars is the most vivid testimony of medieval Armenian art.

Continue to Martuni then to Mount Armaghanyan. Ascension of Mount (in vehicle via a track or on foot according to the accessibility of the mount). Lunch at the top. Return by car (or on foot) then continue to the Passe de Selim. Stop at the caravanserai. Quick tour of the building dating from the 14th century, then continuation to Yegheghis.

Installation of the camping. In the middle of the afternoon: climb to the fortress of Smbataberd then the monastery of Tsakhatskar. Go back on foot (or in a vehicle if the weather does not allow it).

Dinner and overnight in tents.

Walking time: 3:00 to 5:00.

Altitude difference: + 500 m / - 500 m.

Day 5: Tsakhatskar - Yeghegnadzor - Zorats Karer - Ughtasar - Zorats Karer - Goris

Transfer to Yeghegnadzor, then continue to Zorats Karer. From there, a UAZ (famous 4x4 minibus from the Soviet era) takes us in the mountain tracks towards the peaks of Ughtasar.

Hike around the lake, where we can admire some petroglyphs (rock carvings dating from the Paleolithic); and the surrounding mountains marking the border with Nagorno-Karabakh. Picnic by the lake. Downhill in Uaz until Zorats Karer. Visit of the site (vertical stones erected since 6000 to 8000 years and having been able to serve as an astral observatory); then continue to Goris.

Overnight in Goris homestay or hotel. Dinner free.

Walking time: 2 hours.

Altitude difference: + 200 m / - 200 m.

Day 6: Goris - Khndzoresk - Goris

Short transfer to Khndzoresk. Hike in this unique troglodyte village with the appearance of fairy chimneys. Lunch in a troglodyte dwelling.

We take the vehicles to the pass that dominates Goris, for a hike down to the old Goris. Visit the old city. Overnight in Goris homestay or hotel. Dinner.

Walking time: 4 hours.

Altitude difference: + 100 m / - 500 m.

Day 7: Goris - Tatev - Vorotan Canyon - Sisian

Transfer to Tatev. Visit the famous Tatev Monastery (UNESCO World Heritage Site since 1995). Then start the hike to the pass that dominates the Vorotan Canyon. At the top of the pass, we take our truck UAZ, and start our long descent through the tracks, to Sisian.

Dinner and overnight at hotel or homestay.

Walking time: 4 hours.

Altitude difference: + 400 m.

Day 8: Sisian - Yeghegnadzor - Noravank - Areni - Khor Virap - Yerevan

Transfer to Yeghegnadzor and stop for a visit to Noravank Monastery. After lunch, continue to Areni wine cellars, then Khor Virap. Visit one of the most famous monasteries in Armenia (as photographed in the foreground of Mount Ararat in neighboring Turkey). Continuation to the capital, Yerevan.

Hotel check-in; then departure for a walking tour of the capital.

Dinner. Night at the hotel.

Day 9: Yerevan / Paris

Morning transfer to the airport. Boarding and departure for Europe.

Level: Walking supported on the mountain stages. The difficulty comes from the altitude for certain stages (+4000 m for the Mt Aragats) and the elevation gain (maximum +700 m).

At the beginning of the season (end of May-beginning of June) or at the end of the season (end of September-beginning of October) the climatic conditions can represent an additional difficulty.
